

# Coverletter\_Lail

Dear Hiring Manager,

My name is Nico, and I strive to be the best in my industry. I currently am studying information technology at Live Oaks Career Campus. During my time here at the Oaks I'm learning many skills that will help me succeed in my future career. I hope to apply what I learn here to my future professional endeavors.

Currently, I want to pursue my passion for IT through Software engineering. I believe being a software engineer for Lighthouse Worldwide Solutions Inc would be the best for me given the various skills I've developed at The Oaks. Being a software developer fuels my passion to create innovative software that will assist people. With everything I have learned during my time at school, I believe being a software engineer would be the perfect fit.

I've grown passionate about IT because of all the things I've learned while studying Information technology. Therefore, I appreciate you taking the time to look at my application, and I hope you will find my talents useful enough to join Lighthouse Worldwide Solutions Inc. You can get in touch with me here at 513-462-8422 or use my email [nlail5884@gmail.com](mailto:nlail5884@gmail.com)

Sincerely,

Nicolas Lail
