

# Final Project Submission Form

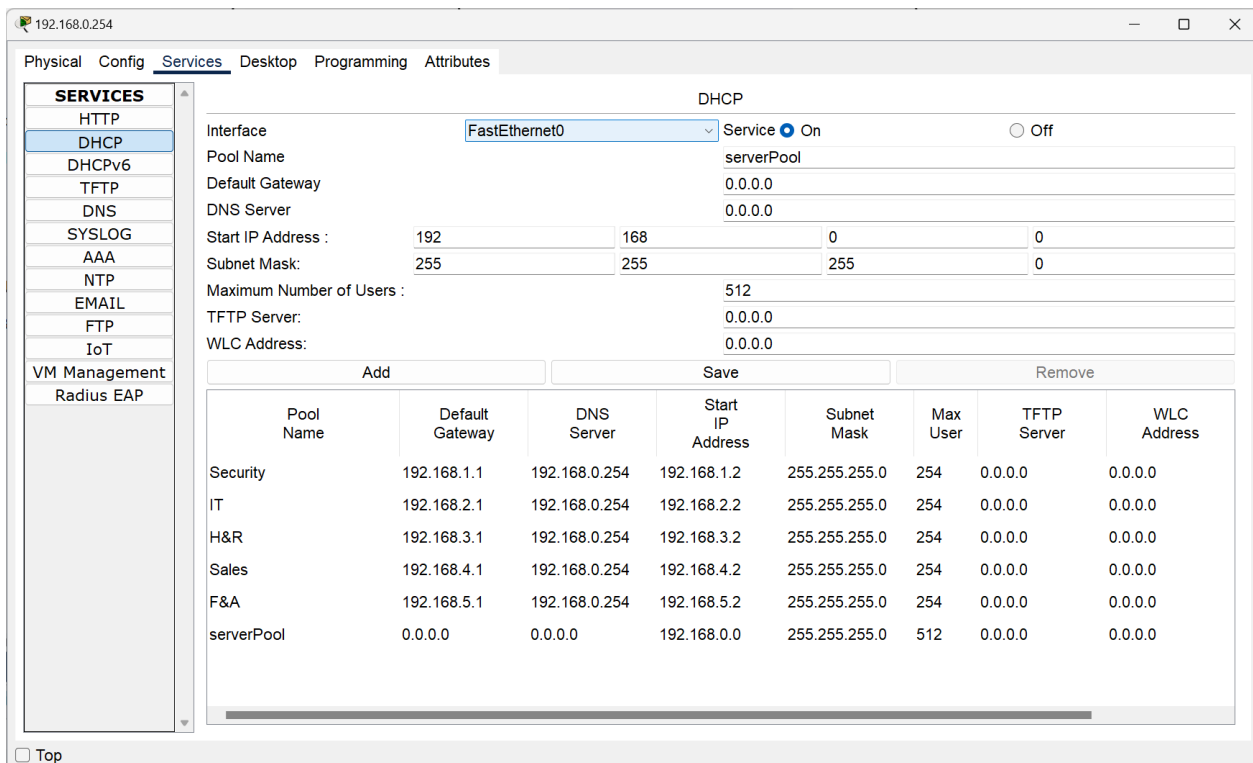

Complete the Final Project following directions in the Instruction Sheet.

Review the rubric to ensure all requirements are met and provide the following screenshots and your Packet Tracer file. Ensure all screenshots are readable.

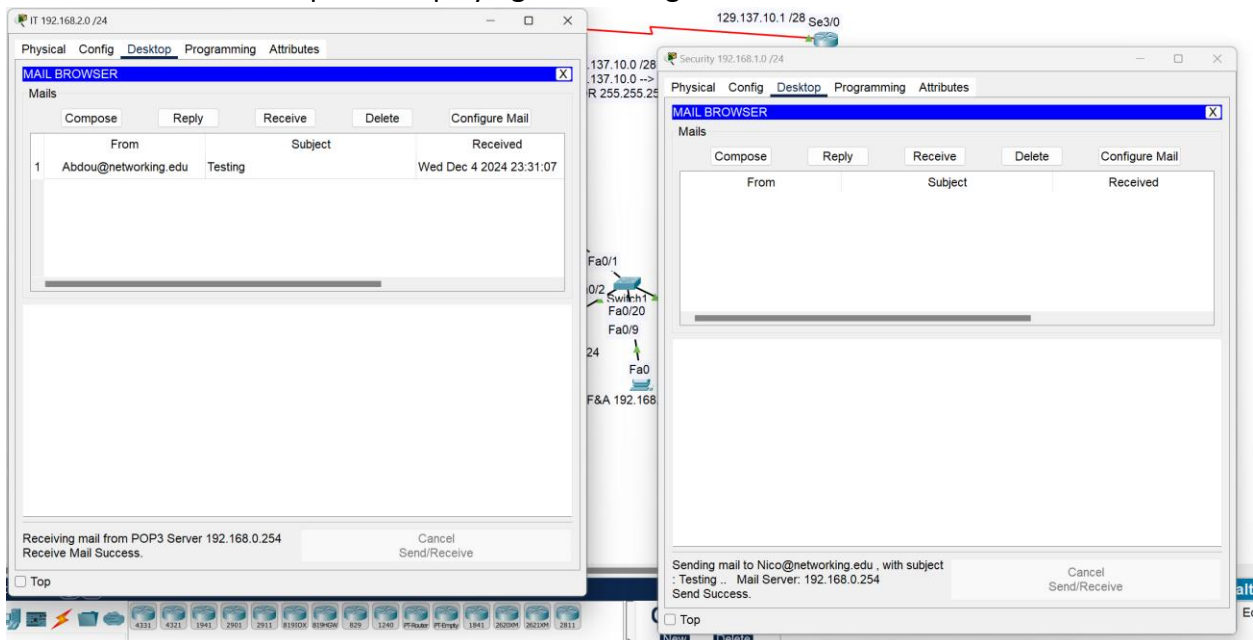

1. Screenshot displaying all dynamically assigned IP address, with subnet mask, default gateway, and DNS server in one of the PCs.

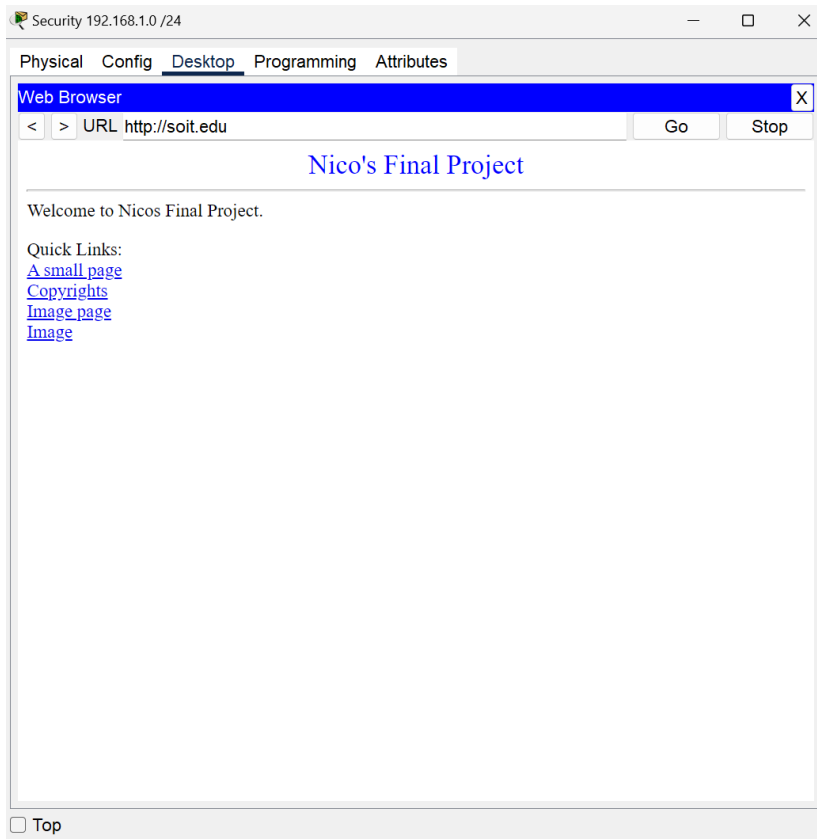

2. Screenshot of DHCP pool.

### 3. Screenshot of Email response displaying the message content.

### 4. Screenshot of the Public Web Page displayed from a PC using the URL soit.edu.

5. Submit your Packet Tracer file using your name as the file name.
